JOB POSTING – Survey Field Technician

The Survey Field Technician assists the Survey Crew Chief on multiple projects to setup and operate surveying equipment, and compile notes, make sketches and enter data into computers.

POSITION DESCRIPTION

As a Survey Field Technician, you will be part of a survey field crew performing work on various topographic and boundary surveys, construction stakeouts, and elevation certificates.

DUTIES

- Hold and properly operate a level rod and Prism Pole.
- Assists in taking field notes and collection of field survey data.
- Locating and driving stakes for a variety of residential, commercial, and industrial projects.
- Carries equipment and tools for long distances.
- Controls traffic when working in or near roadways.
- Clears brush and small trees
- Properly and safely use tools such as: hammer, machete, chainsaw, and shovel.
- May perform incidental clerical and custodial duties and aid in the upkeep of survey vehicles and survey tools.

QUALIFICATIONS

- High School diploma or equivalent.
- 0 to 3 years of related survey experience.
- Familiarity with GPS devices, data collectors and/or Total Station preferred.
- Ability to operate motorized equipment and possession of sufficient physical stamina to work long hours outdoors under various field conditions and exposure to traffic, extreme heat/cold and rainfall.
- Valid Driver's License and a clean driving record.
- Must pass pre-employment background check and drug screening.

AVAILABILITY

This is a full-time position. Days and hours of work are Monday through Friday, 7:30 a.m. to 4 p.m., overtime and weekends as required.
